

# RMFM Rocky Mountain Fluid Mechanics 2021 Research Symposium

Tuesday, August 10, 2021

Online through Zoom

## Registration and Call for Abstracts

Due by July 28, 2021 at

<https://forms.gle/WboWnPYDEdamfwvt5>

The Rocky Mountain Fluid Mechanics (RMFM) Research Symposium is a local technical meeting bringing together students, faculty, and professional researchers with a common interest in fluid mechanics. The primary purpose of the symposium is to provide students along the Colorado Front Range and the greater Rocky Mountain Region the opportunity to present and discuss their work in a casual setting. All interested researchers are encouraged to present, but a presentation is not required to attend the meeting. More information is provided at [rockymountainfluids.org](http://rockymountainfluids.org). As part of its educational mission, only undergraduate, graduate, or postdoctoral researchers will deliver presentations at RMFM 2021.

Due to COVID-19 and the surrounding uncertainty, we will continue conducting the conference virtually using Zoom. Presentations will be 10 minutes in length with 2 minutes for questions.

Abstract submissions should be submitted to <https://forms.gle/WboWnPYDEdamfwvt5> by **11:59pm on July 28, 2021**. Completed submissions must include:

- Title of presentation
- Presenting author name, educational level, and affiliation
- Co-author names and affiliations
- Abstract text (1300 character maximum) and keywords

If you would like to attend RMFM but do not intend to present, please register [here](#) to receive the Zoom link and password. The registration deadline is 5:00pm on August 9, 2020.

For more information, please see [rockymountainfluids.org](http://rockymountainfluids.org) or contact [info@rockymountainfluids.org](mailto:info@rockymountainfluids.org).
